CASEMENT WINDOW

HARDWARE & FITTINGS

Welcome to our Casement Hardware and Fittings brochure, showcasing three expertly curated ranges: Classic, Classic Plus, and Deluxe. Each range has been chosen for its outstanding quality and attention to detail, providing not only style but also enhanced security for your windows.

With options to meet varying needs, our hardware is designed to offer lasting durability and dependable performance.

If you require a particular design that isn't featured, we are happy to source it for you.

SASH WINDOW SHOP REVIEWS

We had a really fantastic experience with Sash Window Shop. Brett and the team could not have been more helpful.

Really clear correspondence, always available to chat.

Brett came out of his way to show us mock-up windows early in the process which sealed the deal for us. He worked

hard to give us a brilliantly competitive quote. Fitting was excellent. Can thoroughly recommend.

Alex, 5-Star Client Review

From initial contact through to delivery the whole experience with Brett and the team at Sash Window Shop has been smooth and professional. We are incredibly happy with our new doors and windows giving our little cottage renovation the fabulous appearance we were looking for.

The products are extremely well made with terrific quality furniture a real luxury feel. Thank you so much for giving us a wonderful, friendly and punctual process. Highest recommendation from us to anyone looking for quality windows and doors.

James, 5-Star Client Review

Our experience of working with Brett from the Sash Window Shop was exceptional. He is not only a lovely man but also utterly professional. We absolutely love our new Sash Windows which were fitted as part of a wider renovation and extension of our house.

The windows are wonderful quality and as good as any original. The fixtures and fittings are also of a superior quality. We happily endorse this company with confidence.

Kerry Pears, 5-Star Client Review
